The screenshot shows the GreatSchools website interface. At the top, there's a navigation bar with 'Find a School' and 'Articles, Worksheets & More'. Below that, a search bar is visible. The main content area features an article titled 'Magnet magic' for 'Grades 3-4 | Science'. The article text includes: 'What will the magnet attract? In this science worksheet, your child will draw a line between the magnet and all items it will attract.' and 'This worksheet originally published in Learn Science for grades 3-4 by © Cozzy Knowledge Limited'. There are also social media sharing options and a 'Print Full Size' button. On the right side, there's a sidebar with a sign-up form for 'Sign up for tips and ideas that will enrich your child's education' and a 'Sign up' button.
