wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

## Plate Boundaries

What are the three main types?

1. divergent (constructive) plate boundaries
2. convergent (destructive) plate boundaries
3. transform (conservative) plate boundaries

### DIVERGENT PLATE BOUNDARIES

#### Oceanic-Oceanic Plate Divergence

1. When two oceanic plates diverge, fractures are formed at the plate boundary.
2. Magma rises at the zone of divergence to create a ridge of new ocean floor known as a mid-oceanic ridge.
3. At various points along the mid-oceanic ridge, magma builds up above sea level to form volcanoes. These volcanoes are known as volcanic islands. An example of a change of volcanic islands in the North Atlantic Ocean is the Azores.
